

Rates

We work on an hourly rate or based on legal aid, which rate depends on the nature, importance and urgency of the case. Our rates are sharp and competitive. We work efficiently and ensure that you do not encounter unpleasant surprises.

All our lawyers are registered with the Legal Assistance Board. If you are eligible for subsidized legal assistance, you pay a personal contribution, determined by the Legal Assistance Board based on your income. For more information on subsidized legal assistance, see the website www.rvr.org.

We are regularly engaged by legal insurers. If you are insured for legal assistance, you may appeal to this and advise one of our lawyers as your preferred lawyer. This depends on your legal assistance insurance.
